

they were supported only by a rifle fire. Hardly a man escaped, but their stand delayed the Bulgarians, thus giving the British time to complete defensive dispositions in the third line, where the Bulgarians were finally held up for four days.

The Bulgarians, the correspondent adds, having suffered heavily, have since then attempted no strong offensive up to Sunday.

KING OF GREECE GIVES SATISFACTORY ASSURANCES
LONDON, December 13.—The King of Greece, in an audience accorded to members of the diplomatic body at Athens on Saturday, gave personal assurances which are regarded as satisfactory. This information is conveyed in a dispatch from Athens to Reuters' Telegram Company.

CHARTER-CHANGERS TACKLE BUDGET

(Continued from First Page)

Also his estimates would be to utilize, or at least to utilize in a large degree, his facilities and thus to treat to the very object sought to be attained, namely the limiting of the Council's spending power.

WOULD NOT ABROGATE POWERS OF AUDITOR
Much the same view was taken by Harry R. Pollard, Jr., who, as former chairman of the Committee against Charter Changes, is now chairman of the Committee against the Auditor's powers to appropriate the revenues.

Mr. Pollard, who is now chairman of the Committee against the Auditor's powers to appropriate the revenues, is now chairman of the Committee against the Auditor's powers to appropriate the revenues.

GIVES COUNCIL RIGHT TO ESTABLISH NIGHT COURTS
The committee, over the protest of Alderman Christian and Councilman Pollock, both of whom were against it, authorized the charter amendment committee to establish night courts at the present police stations for the trial of minor cases.

The resolution from the Administrative Board asking for legislation concerning upon the city the right to make excessive condemnations, was unanimously adopted. This action was taken after Attorney McArthur asked leave, on behalf of the board, to withdraw the resolution, informing the committee that he believed such an enactment to be unnecessary in view of the powers of excess condemnation conferred upon cities by a general act approved in 1908.

The committee adjourned to meet again at 8 o'clock Friday night.

PROMPT RELIEF SENT TO HOPEWELL

(Continued from First Page)

The relief of Hopewell, and the town has been made safe. There has been little disorder, and the people have obeyed and followed the military discipline.

PETERSBURG RELIEF COMMITTEE HAS SITUATION WELL IN HAND

(Special to The Times-Dispatch)

PETERSBURG, Va., December 13.—A meeting of the central relief committee was held tonight at the Y. M. C. A. Building, and reports were received from the various subcommittees as to the progress of Hopewell relief work. Among Charles T. Bassett, of the relief committee, reported that 1,700 refugees had been furnished at the Y. M. C. A. and the Duncan French School in addition to those furnished at the Moore Hall, the Progress Club, and at Salvation Army headquarters.

The food committee, A. W. Walsh, chairman, reported that 5,200 meals were served at the Y. M. C. A. 100 at the Washington Street Methodist Church, and many at Salvation Army headquarters.

Further news and W. M. Tucker, in charge of the relief work at Hopewell, reported that the Baptist Tabernacle there had been used as the distributing point for clothing, that 2000 meals had been distributed, that there was an abundance of food to supply all the needs, and that the Norfolk and Western Railroad and the Inland Company had volunteered in the work. The population of the Hopewell district is now about 1,400, many of whom have left the town, and the others are being cared for.

It was the unanimous opinion of the central committee that nothing further be done at Hopewell, but that the part of the committee at Hopewell be determined by the Salvation Army, under Assistant Commanders will be in charge of the further necessary relief.

Pickens A. R. Davis, of the central relief committee, received a telegram from the Hopewell relief committee, stating that there are six hundred refugees with pneumonia and other diseases. The hospital is filled, and the relief committee is making arrangements to send them to the hospital.

The relief committee is making arrangements to send them to the hospital.

MEN TAKEN OFF CLIFFS
Officers and crew of British Steamer St. Rita saved four men from a shipwrecked ship.

ST. PETERSBURG, December 13.—Officers and crew, numbering twenty-five, of the British steamer St. Rita, which foundered off the west coast of Mexico, were taken ashore last week and brought here today in a tug which went to their assistance after they escaped from the vessel and landed on the cliffs. Fears had been expressed that the men would perish in the blizzard.

TO BUILD GREATER NATION THROUGH GREATER SOUTH

Plans of Southern Commercial Congress Outlined by Number of Prominent Speakers.

GOV. STUART ON PROGRAM

John Barrett Makes Plea for Closer Understanding Between All American Republics—Secretary Madoo Brings Greetings of President.

CHARLESTON, S. C., December 13.—The Southern Commercial Congress began its seventh annual convention here today with addresses on the South and the nation's commercial and industrial problems by Secretary of the Treasury McAdoo, Governor Henry C. Stuart, of Virginia; John Barrett, director-general of the Pan-American Union; Dr. Nicholas Murray Butler, of Columbia University; Senator Duncan U. Fletcher, of Florida, president of the congress; and John Temple Graves, of New York. Plans of the congress to build "greater nation through a greater South" were outlined by the speakers.

Dr. Butler, addressing the night session, declared that international problems of the United States now were shadow domestic policies, though the latter have not diminished in importance. He urged that the United States prepare to aid Europe at the end of the war in setting up its "overturned political fabric" and to encourage principles. Governor Stuart, who also addressed the congress to-night, discussed agricultural and commercial problems of the South.

Senator Fletcher, in his opening address, told that the congress already had accomplished in developing the South's resources. A suggestion by Dr. Charles W. Eliot, that the Southern Commercial Congress drop the word "Southern" from its title was presented by Senator Fletcher. To the suggestion the Senator replied that the congress sought to aid the nation through developing one of its sections, and declared the word "Southern" had no derogatory meaning. He said the word "Southern" was the word "Gommercial" in its title.

PEACE SPIRIT WHICH IS CAUSE OF MIRACLE
John Temple Graves, speaking on the "Victories of Peace," traced the South's development since 1865 and referred to peace as the spirit which has wrought its modern miracle.

Secretary McAdoo told the congress that "an obvious duty confronts the nation." The first necessity, he said, was to provide for the nation's physical safety and the second to secure its economic safety. He asserted that both could be secured by establishment of a merchant marine.

Mr. McAdoo brought to the congress the personal greetings of President Wilson. The President also expressed his good wishes for the congress in a telegram.

Making a plea for closer understanding between all American republics, Mr. Barrett declared after the European war had ended, the United States would find itself "unhindered by all the present belligerents."

"The victor will say, 'We won despite the United States,' while the losers will say, 'We lost because of the United States.'"

He added that the leading men and the leading newspapers of all twenty Latin-American republics, stood with the United States in its attitude towards the European belligerents and declared that the United States doctrine will some day supersede the Monroe doctrine, and the great South American republics will stand behind this country in its relations with foreign nations across the ocean, as the United States, under its Monroe doctrine, today would back up its southern neighbors.

AFTERNOON GIVEN OVER TO WOMAN'S AUXILIARY
The afternoon session was given over to the women's auxiliary. In a plea for equal suffrage for women, Miss Kate Gordon, of New Orleans, declared that it pleased her that the women of the Southern Commercial Congress had recognized the need of cooperation of Southern women in their work. "This by itself would be an opening wedge for suffrage," she declared.

Miss Louise J. Landless, of Nashville, Tenn., president-general of the auxiliary, was unable to come to Charleston, it was announced, because of injuries suffered in an accident recently.

Many men attended the meeting of the auxiliary. Secretary of the Treasury McAdoo and John Barrett left for Washington to-night, after attending a dinner given by Governor Manning in honor of the ladies and Governor Stuart and official representatives of the Southern States.

PROMPT RESPONSE GIVEN "FIVE OPPORTUNITIES"

(Continued from First Page)

with together in the gray evening of their lives than to separate them. It is better to help the woman whose husband has deserted her through no fault of her own than to let her make another error. It is better to keep mother and child together than to part them and let the woman starve for the want of her child and the child to go upon sad and dangerous ways.

Whatever the manner of their need and whatever the appeal they make, it is true that the people must give and that they must give financial support to those whose fortune has failed. And it is equally as true that it is cheaper to save a mother or any woman before she is tempted to commit suicide than after she has committed it. It is cheaper to save a child to citizenship than afterwards it is to send a man to the gallows or to blind him in chains.

GINTER PARK WOMEN WILL HELP RAISE FUND
The Ginter Park Women's Club will give a concert to-night at 8 o'clock in the Ginter Park Assembly Hall for the benefit of the "Five Opportunities" fund. The concert will be given for the benefit of the "Five Opportunities" fund.

The Ginter Park Women's Club includes in its membership some of the most prominent women of the city, and their entertainments are always interesting affairs. This is the first entertainment to be given for the benefit of the "Five Opportunities" fund.

ANOTHER GERMAN HELD ON CONSPIRACY CHARGES

Attache of Consulate in San Francisco Indicted by Federal Grand Jury.

OVERT ACTS NOT DISCLOSED

Investigation Resulting in Arrest of Von Brinckman and Others Expected to Reveal Most Startling Data Yet Obtained.

SAN FRANCISCO, December 13.—Price George von Brinckman, an attache of the German consulate here, C. C. Crowley, a detective employed by the consulate, and Margaret Cornell, who was in Crowley's employ, were indicted to-day by the grand jury on two counts, charging conspiracy to interfere with and destroy commerce between the several States of the United States and foreign countries, and use of the mails to incite arson, assassination and murder.

Laid was fixed at \$5,000 on each count in the indictments. Counted for the defendants, all of whom had been arrested previously, promised to appear in court to-morrow.

Baron von Brinckman and Crowley were previously charged in Commissioner's warrants with conspiracy to interfere with and destroy commerce. They have been on liberty on \$10,000 bail. The statute upon which the second count is based, was discovered by Mrs. A. A. Adams, who at the time of her appointment was said to be the only woman deputy United States district attorney.

OVERT ACTS SET FORTH NOT YET DISCLOSED
The overt acts set forth in the indictments were not disclosed to-night. It was claimed at the time of the arrest that Von Brinckman was a diplomatic agent in German plots to set fire and dynamite ships bearing munitions to Great Britain, France and Russia. An explosion of a large of dynamite in Seattle harbor last May was charged to him by the government agents.

Crowley's operations, the government charges, extended throughout the United States. That he conspired frequently with superior and subordinates in Seattle harbor last May was charged to him by the government agents.

The investigation resulting in today's indictments has only begun, according to John W. Preston, Federal district attorney. Federal agents said today the government was in possession of the most vital data yet obtained. If statements said to have been made by J. H. van Koolbergen were substantiated.

Van Koolbergen, a San Francisco civil engineer, was reported to be in custody in Western Canada, and it was thought he would be brought here to testify. His testimony, it was said today, would be "most startling."

Federal agents said today they had already connected alleged Pacific Coast conspirators with forty explosions.

FOR MODIFIED SWISS PLAN

WASHINGTON, December 13.—Compulsory military training for Americans between twelve and twenty-three years old is proposed in a bill introduced today by Chairman Chamberlain of the Senate Military Committee.

The bill is a modification of the Swiss plan. Senator Chamberlain has announced he does not expect the bill to pass, but he believes discussion will be of educational value.

NO DYNAMITE FOUND UNDER RAILWAY BRIDGE

SAN FRANCISCO, December 13.—The Southern Pacific Railway announced to-day that investigation of a report that a fisherman found a dynamite bomb under a railroad bridge at Martinez on Saturday showed that the dynamite was found under a county highway bridge, a quarter of a mile from the railroad.

PRESENT EMERGENCY TAX TO BE EXTENDED ONE YEAR

House Democrats, in Caucus, Agree to Support Resolution Reported by Kitchin.

WILL BE INTRODUCED TO-DAY

Leaders Predict Its Adoption in Both Houses Not Later Than Saturday, When Christmas Recess Is Scheduled to Begin.

WASHINGTON, D. C., December 13.—House Democrats in a caucus to-night agreed to support a resolution designed to extend the life of the present emergency tax, without change, until December 31, 1916, or for one year. The resolution will be introduced to-morrow, and it probably will be voted on Thursday. Democratic leaders to-night predicted its adoption in both houses not later than Saturday, when the Christmas recess is scheduled to begin.

Only two of the 150 Democrats who attended the caucus declined to be bound by its rules. Representative Keating, of Colorado, and Representative Callaway, of Texas, said they had promised their constituents to oppose a continuation of the tax, and that they intended to keep faith with them. The chairman, Representative Saunders, of Virginia, said the caucus rules would not be binding upon them, under the circumstances.

Majority Leader Kitchin, who reported the proposal to-night and who will introduce the resolution, warned the members that they must do their utmost to have all Democratic members on the floor on Thursday. Otherwise, he said, grave danger would be ahead of the resolution.

Mr. Kitchin was interrogated extensively on revenue plans generally, and was on the floor almost an hour. Several representatives who had threatened a fight on any plan to extend the law indefinitely, remained quiet when the limited time proposition was broached.

Representative Kitchin explained after the caucus that the year's extension did not mean necessarily that the tax would be imposed during this full period. Its future will depend, he said, solely on what course other revenue legislation takes. It is possible, he said, that the present tax law will be entirely repealed or amended materially.

Mr. Kitchin's estimate is that if the present administration plans carry, and the tariff is kept on sugar, \$125,000,000 more than can be raised by the emergency tax will be raised to run the government during the coming year.

The present emergency tax is netting between \$6,000,000 and \$7,000,000 monthly.

SEVERE STORM SWEEPING OVER ATLANTIC SEABOARD

One Man Killed, Several Seriously Injured and Numerous Minor Accidents Occur.

WORST BLIZZARD IN YEARS

Telegraph and Telephone Wires Prostrated and Traffic in Many Sections Is Interrupted—Shipping in New York Harbor Tied Up.

SEVERE STORM SWEEPING OVER ATLANTIC SEABOARD

One Man Killed, Several Seriously Injured and Numerous Minor Accidents Occur.

WORST BLIZZARD IN YEARS

Telegraph and Telephone Wires Prostrated and Traffic in Many Sections Is Interrupted—Shipping in New York Harbor Tied Up.

PHILADELPHIA, December 13.—One man was killed, several were seriously injured, and there were numerous minor accidents as a result of the snowstorm which swept the eastern section of Pennsylvania to-day. The flakes began to fall here in the early morning hours and to-night the instruments in the Weather Bureau showed that nearly seven inches had fallen.

In the country districts where nearly a foot of snow fell, many telegraph and telephone wires were prostrated and wire communication between this city and New York was hampered. The death of a day laborer was caused by one of the railroad companies, who was struck by a train while shoveling snow from the tracks.

FIRST SEVERE SNOWSTORM OF SEASON IN NEW YORK
NEW YORK, December 13.—New York to-day experienced its first severe snowstorm of the season. Heavy, wet snow, driven by a high wind, fell throughout the afternoon and greater part of the night, interfering with traffic in the city and tying up shipping in the harbor. Outbound vessels, especially coastwise craft, did not sail, and many incoming vessels were unable to make their piers on account of the blinding snow.

Owing to the blinding condition of the streets, accidents were frequent. Fourteen thousand men were called out to attack the blanket of snow, estimated at three inches, and the indications were tonight that as many more men will be needed to-morrow, the Weather Bureau reporting that the snowfall would continue. The temperature remained at about the freezing point.

The blizzard was the result of a meeting of two storms. The Weather Bureau reported, one from the Great Lakes region, and the other from the ocean.

BLIZZARD CONDITIONS IN MASSACHUSETTS
BOSTON, December 13.—The first severe storm of the winter swept over New England to-day and to-night. Inland cities reported heavy falls of snow, which greatly handicapped steam and electric railroad traffic, but points along the coast were drenched under a fall of rain in a gale of from fifty to sixty miles an hour. Blizzard conditions were reported at some points. In many places telegraph and telephone service was prostrated.

PETITION IS DENIED

Circuit Court of Appeals Refuses to Hear in Suit Won by Charles Hall Davis.

The United States Circuit Court of Appeals, in an order entered yesterday by Judge Woods, denied a petition filed by Henry W. Anderson for a rehearing of the suit of Charles Hall Davis, of Petersburg, against the Virginia Railway and Power Company, which terminated recently in favor of the plaintiff. Approximately \$120,000 was involved in the litigation.

Mr. Davis sued for the value of seventy-one debenture bonds, each representing \$1,000 par value, with accrued interest from July 1, 1914, alleging that they had been absorbed in the consolidation of two street railway companies into the Virginia Railway and Power Company. Mr. Anderson appeared for the company, and former Governor William H. Hodges, Mann, his son, William Hodges Mann, Jr., and Colonel James Mann, of Norfolk, represented the plaintiff.

ERROR CORRECTED

In a report of the meeting of the Grace Covenant congregation in yesterday's paper, it was stated that George Bryan was elected a member of the board of trustees to succeed B. C. Wherry, erroneously reported as dead. Mr. Bryan was elected a member of the board, but Mr. Wherry is quite decidedly in the land of the living. A regrettable error stating the contrary having crept into the written account in some unaccountable manner. The vacancy was caused by the resignation of Mr. Wherry, who has transferred his membership to the First Presbyterian Church.

"I MUST Stop Using Drugs!"

HOW easy to say this, yet how hard—almost impossible—to actually stop. Attempts to stop bring only greater suffering. Yet unless the habit is cured the inevitable result is mental, moral and physical breakdown.

But the drug habit can be cured! Treating it as a disease, the Keeley Treatment as given at Greens
